SB 425 An Act Concerning Municipal Transparency, efficiency & Accountability

Hello, I am a New Haven Homeowner and I am taking this time out to share with you how I really think that SeeClickFix is a EXCELLENT source for communities to report helpful information to each other. It's also a good resource for help with a lot of things. The information that is given in each newsletter is GREAT. Please Keep this and many more resources available to the public!!!!!! Thank you, Victoria Martin.
